

## Delivered Projects by Financial Year as at 5/03/2018

Financial Year Delivered	Data Linkage Project Title	Principle Investigator's / Responsible Person's Organisation
not applicable	Child Protection and Development	SA Department for Families and Communities
2017-2018	Dialysis Models of Care Project	Menzies School of Health Research
2017/2018	Parenthood in Patients Receiving Dialysis or Kidney Transplantation: A National Study of Perinatal Risks and Outcomes Through Population Record Linkage	SA Health, The University of Adelaide
2017/2018	What do cancer survivors die of?	SA Health
2017/2018	Living With Acute Coronary Syndrome	The George Institute
2017/2018	Epidemiology and outcomes in cirrhosis	SA Health
2017/2018	North West Adelaide Health Study (NWAHS) Study Data Linkage Project	The University of Adelaide
2017/2018	Data Quality Review of SA Public Mental Health (CCCMS)	SA Health
2017/2018	Enhancing the accuracy of cardiovascular risk assessment in Indigenous Australians	Menzies School of Health Research
2017/2018	Mothers against gestational diabetes (MAGDA) Extract 3	Flinders University, University of Melbourne
2017/2018	Evaluation of the Aspire Adelaide Social Impact Bond Project (ASPIRE)	SA Government
2017/2018	The Adelaide University Geocoding Prototype Review	The University of Adelaide
2017/2018	Integrative context-process-outcome evaluation of South Australia's Obesity Prevention and Lifestyle (OPAL) program	University of South Australia

Financial Year Delivered	Data Linkage Project Title	Principle Investigator's / Responsible Person's Organisation
2017/2018	BreastScreen SA geocoding	SA Health
2017/2018	Consequences of child maltreatment in South Australia - remapping of keys	University of South Australia
2017/2018	Florey Adelaide Male Ageing Study (FAMAS) Study Data Linkage Project	The University of Adelaide
2016/2017	Colorectal Cancer – early detection, clinical management and survival outcomes at a population level	University of South Australia
2016/2017	Where not to have your heart attack: A linked health data analysis of the association between population composition, geographic accessibility to cardiac services and cardiovascular outcomes (Cardiac ARIA). SA component	Flinders University
2016/2017	Developmental outcomes of Northern Territory children	Menzies School of Health Research
2016/2017	Prevalence estimates for prenatal alcohol exposure and fetal alcohol spectrum disorders in the Northern Territory, using multiple data sources	NT Government
2016/2017	Child Health and Development - A whole-of-population data linkage study Stage 2	The University of Adelaide
2016/2017	Observing Recurrent Incidence of Adverse Outcomes following Hospitalisations (ORION) - SA	SA Health
2016/2017	The South Australian Education and Child Development (ECD) Evidence Bank	SA DECD
2016/2017	Birthplace in Australia Project - NT component	The University of Technology Sydney
2016/2017	South Australian and Northern Territory Aboriginal and Torres Strait Islander Heart and Stroke Data Linkage Project (ESSENCE) SA	SAHMRI
2016/2017	Economic Evaluation of Congress Nurse Family Partnership Program Stage 2	University of South Australia
2016/2017	Economic Evaluation of Congress Nurse Family Partnership Program Stage 3	University of South Australia
2016/2017	Where not to have your heart attack: A linked health data analysis of the association between population composition, geographic accessibility to cardiac services and cardiovascular outcomes (Cardiac ARIA). NT component	Flinders University

Financial Year Delivered	Data Linkage Project Title	Principle Investigator's / Responsible Person's Organisation
2016/2017	Child Health and Development - A whole-of-population data linkage study Stage 3	The University of Adelaide
2015/2016	Economic Evaluation of Congress Nurse Family Partnership Program Stage 1	University of South Australia
2015/2016	Birthplace in Australia Project SA component	The University of Technology Sydney
2015/2016	An integrated national assessment of cervical cancer prevention, incidence and survival for Australian Aboriginal and Torres Strait Islander women: a data linkage study.	Menzies School of Health Research
2015/2016	North West Adelaide Health Study (NWAHS) Study Data Linkage Project	The University of Adelaide
2015/2016	Florey Adelaide Male Ageing Study (FAMAS) Study Data Linkage Project	The University of Adelaide
2015/2016	Quantifying the Burden of Systemic Sclerosis in Australia: From Data Linkages to Patient-Reported Outcomes	St Vincent's Hospital, Vic
2015/2016	Mothers against gestational diabetes (MAGDA) Stage 2	University of Melbourne
2015/2016	Developmental Trajectories in Australia: Perinatal outcomes and child development (risk and protective factors)	Telethon Kids Institute
2015/2016	Child Health and Development in South Australia: A whole-of-population data linkage study Stage 1	The University of Adelaide
2015/2016	Consequences of child maltreatment in South Australia	University of South Australia
2015/2016	Is there an association between maternal papilloma infection and intrauterine growth retardation?	University of South Australia
2015/2016	Birthplace in Australia Project - SA component - Maternal links	The University of Technology Sydney
2015/2016	Developing an advanced data system for describing cancer stage, co-morbidity, clinical management and outcomes of Aboriginal people with cancer in South Australia and their experiences with cancer and cancer services (CANDAD) Supplement	University of South Australia
2015/2016	Familial links (maternal) for SLP2011_0006	University of South Australia

Financial Year Delivered	Data Linkage Project Title	Principle Investigator's / Responsible Person's Organisation
2015/2016	Fragility Fractures as predictors of future serious injury and hospitalisation in South Australia	Flinders University
2015/2016	PHRN Proof of Concept #2 - The burden and cost of injury attributable health care use and mortality in Australia Stage 2	University of NSW
2015/2016	Mothers against gestational diabetes (MAGDA) Stage 2 update	University of Melbourne
2014/2015	Developing an advanced data system for describing cancer stage, co-morbidity, clinical management and outcomes of Aboriginal people with cancer in South Australia and their experiences with cancer and cancer services	University of South Australia
2014/2015	Australian Longitudinal Study on Women's Health (ALSWH) Stage 2	University of Queensland
2014/2015	The effects of early life conditions and experiences on child development and learning: a whole population study (SA ECD Demonstration Project) Stage 3	The University of Adelaide
2014/2015	Closing the Gap in NT Indigenous Birth registrations	University of Melbourne
2014/2015	PHRN Proof of Concept #2 - The burden and cost of injury attributable health care use and mortality in Australia Stage 1	University of NSW
2014/2015	Skin cancer to predict development of solid organ cancer post renal transplant	SA Health
2014/2015	Enhanced reporting on "Closing the Gap" Initiatives Project Stage 2	NT Health
2014/2015	Mothers against gestational diabetes (MAGDA) Stage 1	University of Melbourne
2013/2014	Quality of End of Life Case Study: Statistical Linkage Project. Health Performance Council.	SA Health
2013/2014	Potentially Preventable Admissions to South Australian Public Hospital Services Stage 2	SA Health
2013/2014	Cardiovascular disease events for participants of the Diabetes and Related conditions in Urban Indigenous people in the Darwin Region (DRUID)	Menzies School of Health Research
2013/2014	Cardiovascular disease events for participants of the Diabetes and Related conditions in Urban Indigenous people in the Darwin Region (DRUID) Follow-up Study	Menzies School of Health Research

Financial Year Delivered	Data Linkage Project Title	Principle Investigator's / Responsible Person's Organisation
2013/2014	The effects of early life conditions and experiences on child development and learning: a whole population study (SA ECD Demonstration Project) Stage 2	The University of Adelaide
2013/2014	Australian Longitudinal Study on Women's Health (ALSWH) Stage 1	University of Queensland
2012/2013	Enhanced reporting on "Closing the Gap" Initiatives Project Stage 1	NT Health
2012/2013	PHRN Proof of Concept #1 - Post Hospital Mortality	WA Department of Health
2012/2013	NT Early Childhood Development Demonstration Project Stage 2	Menzies School of Health Research
2011/2012	Potentially Preventable Admissions to South Australian Public Hospital Services Stage 1	SAHMRI
2011/2012	The effects of early life conditions and experiences on child development and learning: a whole population study (SA ECD Demonstration Project) Stage 1	The University of Adelaide
2011/2012	NT Early Childhood Development Demonstration Project Stage 1	Menzies School of Health Research
2010/2011	Colorectal Cancer - Early detection, clinical management and survival outcomes at a population level	Cancer Council SA
